

Essential Information

Prior to your arrival...

Lunches:

As part of a School Excursion or Education group, eskies and coolers may be brought into the park to store teachers and students lunches.

If you have lunches you wish to store, please note:

- Glass, alcohol and sharp cutlery is not permitted. All containers will be inspected on entry into the park.
- The storage area is not refrigerated; we suggest storing your lunches with cooler blocks.
- As space is limited, please combine lunches into large containers, such as eskies or boxes, for easy storage and label the containers clearly with the school name. We are unable to provide storage for individual bags. Students are welcome to hire a locker for the day.

If you wish to pre-order lunches:

- Refer to the Lunch Options available on your Trade Site and Booking form.
- Have your order in prior to your visit

Group Numbers:

Please contact our friendly School Excursions team to confirm your booking details and update the mobile phone details of your contact on the day. To assist us in processing your group faster on the day, please ensure to advise us of the total number of primary students, secondary students and teachers/adults that will be attending on the day. If you have students with memberships or pre-purchased passes, please advise the corresponding totals. Please note, Pass holders will need to be sighted with their cards by our staff on the day.

Teacher Educational Program Overview and Schedule

Please ensure to download the applicable Program Overview and Schedule from your Trade site prior to your visit.

Services & Facilities:

Information on Disability Services and Accessibility Guide can be found on our Trade Site.

On arrival at Sea World...

Please direct students to wait on the grass hill outside the main entrance, while a teacher advises Gate 6 of the schools arrival. A Front Gate staff member will then process your groups' entry.

If your group are attending an educational program, please refer to the **Teacher Program Overview and Schedule** applicable to your year level and program for specific instructions.

Please let this staff member know if you have any lunches to store.

General Information:

Availability of rides and attractions is subject to change, delay, cancellation or closure due to inclement weather, preventative maintenance, refurbishment, or other operational requirements. To plan ahead, please visit our 'Attractions Maintenance' section for up to date information (a link is also available on your Trade Site).
